A Change Management practitioner has the tools, knowledge, and best practices to drive change and transformation in a business. Being ready to change and evolve is key to success in an increasingly competitive world, and this course is perfect for helping teams and individuals become certified as efficiently and reliably as possible. Start your training today!

WHO IS THE COURSE AIMED AT?

- Team members, managers, and stakeholders involved in change and transformation management
- Anyone seeking a complete practical understanding of a demonstrably effective change management framework
- Businesses looking to incorporate effective change management best practices to create permanent cultural improvements
- Anyone involved in designing, developing, and delivering organizational change
- New and experienced transformation, change, and transition managers
- Anyone seeking to pass the Change Management Foundation and Practitioner certification exams on their first attempt

WHAT WILL YOU LEARN?

- What change management is and when it can be required
- Techniques, theories, and knowledge used to support change management
- Stakeholder communication, engagement, and management
- How these groups can support and benefit from change management

- How to motivate and support individuals, teams, and stakeholders involved in change according to their own circumstances, priorities, and requirements
- How change affects individuals, teams, organizations, and change leaders
- How to support, understand, and sustain change through various paradigms
- What it takes to prepare an organizational change initiative. Including how to establish a team and improve its performance
