Managing Successful Programmes (MSP) is a widely acclaimed programme management methodology. It offers a highly flexible approach which breaks programmes down into well-defined projects, making it easier for practitioners to ensure that their work can support high-priority business objectives.

WHO IS THIS COURSE AIMED AT?

This course is designed to fully equip students to pass the MSP Practitioner examination and provides everything needed to take the next step following MSP Foundation.

Students will learn to create, apply and amend MSP strategies for individual programmes, allowing them to make significant contributions to programme management within an organization.

At the end of the course, students can take practice exams and upon successful completion, request a FREE exam voucher to take the official MSP Practitioner examination.

WHAT WILL YOU LEARN?

This course builds on the content covered in MSP Foundation. Students will come to understand MSP well enough to be able to adapt and apply it in practice, allowing them to make invaluable contributions to programme management teams.

This can include assisting teams in managerial, leadership, advisory or support roles in an MSP environment.

The course consists of 12 modules:

- Module 1: Principles and Governance Overview
- Module 2: Module 2: Organization and the Programme Office
- Module 3: Vision

- Module 4: Leadership and Stakeholder Engagement
- Module 5: Benefits Management
- Module 6: Blueprint Design and Delivery
- Module 7: Planning and Control
- Module 8: Risk and Issue Management
- Module 9: Business Case
- Module 10: Quality and Assurance Management
- Module 11: Transformational Flow
- Module 12: MSP Practitioner Recap
