Management of Portfolios (MoP) is a world-class AXELOS framework offering proven principles, practices, and techniques for managing strategic portfolios. Practitioners are experts at driving projects and programs in a way that balances business-as-usual with key change management initiatives.

WHO IS THIS COURSE AIMED AT?

- Formal and informal portfolio management roles related to project and program delivery, decision-making, and benefits realization
- Senior Responsible Owners (SROs)
- Directors of Change
- Portfolio Managers
- Project Managers
- Program Managers
- Business Change Managers
- Benefits Managers
- Project Appraisers
- Business Case Writers
- Management Board Members

WHAT WILL YOU LEARN?

- How to choose projects and programs that best suit your organization's strategic goals
- How to manage projects and programs in a way that optimizes value for customers and other stakeholders
- How to manage portfolios while still keeping daily operations running

WHY TAKE THIS COURSE?

- This course demonstrates how to get the best returns on investment for change programs and projects.
- Candidates receive a 'how-to' guide on portfolio management best practices.
- Candidates learn proven tools and techniques to identify and prioritize portfolio investment.
- Worried about what portfolio management costs to study? This course offers a free voucher for the MoP Foundation exam. Every candidate can also enjoy a free resit with ExamPledge.
- This course comes with a variety of engaging portfolio management training assets. These include instructor-led videos, gamified quizzes, downloadable whitepapers, and more!
- Passing the MoP Foundation certification exam is a prerequisite for taking the MoP Practitioner exam.
- This course is fully accredited by **PeopleCert** on behalf of AXELOS.

IS THERE AN EXAM?

This portfolio management course is designed to prepare candidates to sit and pass the Management of Portfolios (MoP) Foundation certification exam. It features several practice exams to help students get used to exam conditions, as well as a free exam voucher and resit for every student.
