All talents, certified.

Management of Risk (M_o_R) is a framework built around identifying, predicting, preparing for, and dealing with risks. Study the tools, practices, and insight for embedding effective risk management within your organization. Kickstart your MoR Foundation training today!

WHO IS THIS COURSE AIMED AT?

- Businesses seeking a more controlled and effective approach to identifying, assessing, and controlling risks at program, project, and operational levels
 - Business change managers, project managers, risk managers, program managers, and others who deal with risks and opportunities
 - Anyone seeking lucrative opportunities within risk management
 - Anyone seeking to pass the MoR Foundation examination on their first attempt
- This MoR Foundation e-learning course offers a comprehensive introduction to the framework, its tools and practices, and how it creates value
 - MoR is compatible with other popular frameworks, such as PRINCE2, MSP, and AgilePgM. Its best practices and insight are also relevant across multiple departments and levels of seniority
 - We offer each student 6 months access and a FREE exam voucher, as well as a FREE resit with Exam Pledge (T&Cs apply)

ACCREDITATION

This course has been accredited by **PeopleCert**, which is licensed by AXELOS as an official Examination Institute.

IS THERE AN EXAM?

There is a closed-book, multiple-choice exam with 75 questions and a duration of 60 minutes. The pass mark is 50%.

The test can be taken online at any time via PeopleCert. Candidates will require a webcam and microphone.

WHY TAKE THIS COURSE?

- Management of Risk (M_o_R) offers demonstrably effective practices and insight that can be applied throughout an organization
- Risk management is becoming an increasingly important aspect of business management and corporate governance, to the extent that the position of 'risk manager' has become a popular specialization
- Inadequate risk management can cause delays, wastage, damage to relationships, a lack of transparency, theft, and other catastrophic failures within a business
