LANGUAGE:

English

ACCREDITED BY:

This accredited online training course is the complete package for anyone wishing to upgrade from TOGAF® 9 to the new TOGAF® standard, 10th edition.

WHO IS THIS COURSE AIMED AT?

This course is aimed at anyone who currently holds TOGAF® 9 certification and wishes to update their knowledge and skills with the new content in the TOGAF® Standard, 10th edition.

In addition to refreshing your knowledge of the TOGAF® framework, the TOGAF® Enterprise Architecture Practitioner Bridge course will also help you to apply the TOGAF Standard in digital transformation projects and Agile environments.

WHAT WILL YOU LEARN?

Candidates achieving TOGAF® Enterprise Architecture Practitioner Bridge certification will be able to demonstrate their ability to apply the TOGAF approach to transform and manage change, the TOGAF method to a variety of transformation efforts in an organization and TOGAF techniques to current and future architecture projects.

The course consists of the following 8 modules:

Module 1: Key changes in the TOGAF Standard

Module 2: Introducing the context for Enterprise Architecture

Module 3: Enterprise Architecture and the Practitioner role

Module 4: Phase A - The starting point and stakeholder management

Module 5: Architecture development

Module 6: Implementing the Architecture

Module 7: Supporting the ADM Work

Module 8: Application and exam preparation

The Practitioner course also includes the TOGAF® Enterprise Architecture Learning Studies, which allows candidates to demonstrate their ability to apply the TOGAF® framework.

ACCREDITATION

This Good e-Learning TOGAF® Enterprise Architecture Practitioner Bridge course is accredited by The Open Group.

IS THERE AN EXAM?

Yes. You will need to take a Practitioner exam. The Practitioner exam is open book and multiple choice.

Included with the course is a free voucher for the exam, which can be taken at authorized PearsonVUE test centers around the world.
