

A photograph of two men in a meeting. One man, wearing glasses and a white shirt, is smiling and gesturing with his hand. The other man, with a beard and wearing a blue shirt, is looking at him. They are in a room with a brick wall and a wooden ceiling. A red and blue diagonal graphic element is overlaid on the bottom right of the image.

Project Management

Training & Certification Overview

The Domain of Project Management

A quick guide to Good e-Learning's Project Management courses and how they can help you and your organization

Introduction: The Domain of Project Management

Projects and programs each play a key role in helping businesses grow. With clear management practices, a business can make sure that projects and programs are completed on time and within budget.

Key Stakeholders in Project Management

Project Manager	Project Mgmt Officer	Program Manager	CIO & CTO
Business Architect	Project Coordinator	Change Manager	Systems Analyst

What are the Business Benefits?

- **Return on Investment** - Following a project or program management framework will help achieve results quickly and efficiently.
- **Adaptability** - Certified managers can adapt projects and programs to suit changing circumstances.
- **Organization** - Projects and programs drive value creation and strategic change. A management framework clarifies how best to organize, implement, manage, and learn from projects and programs, removing any guesswork and enabling quick results.
- **Clarity** - Project and program management frameworks clarify roles, responsibilities, and performance metrics, making it easier to solve any issues and track successes.
