This accredited online training course is the complete package for anyone wishing to obtain the TOGAF® Enterprise Architecture (Part 1 and 2) certification. This course represents an upgrade to our award-winning TOGAF 9 training material, reflecting the TOGAF standard, 10th edition.

## WHO IS THIS COURSE AIMED AT?

This course benefits professionals working in architectural roles who want to achieve a globally recognized qualification and enterprise architects looking to contribute to or lead a team engaged in Enterprise Architecture activities.

The TOGAF® Enterprise Architecture Foundation course provides an introduction to the TOGAF® Standard, 10th edition or the new TOGAF Enterprise Architecture certification scheme.

The TOGAF® Enterprise Architecture Practitioner course allows candidates to demonstrate their ability to apply the TOGAF® Standard, 10th edition.

## WHAT WILL YOU LEARN?

The TOGAF Enterprise Architecture Foundation course covers the concepts of Enterprise Architecture and the TOGAF Standard, the key terminology of the TOGAF Standard and the Architecture Development Method (ADM).

Candidates achieving TOGAF Enterprise Architecture Practitioner certification will be able to demonstrate their ability to apply the TOGAF approach to transform and manage change, the TOGAF method to a variety of transformation efforts in an organization and TOGAF techniques to current and future architecture projects.

The Foundation course consists of 8 modules covering:

- The TOGAF ADM
- ADM techniques and application
- Architecture content
- Architecture governance

The Practitioner exam consists of 9 modules covering:

- Enterprise Architecture in digital contexts
- Architecture development
- Architecture implementation
- Architecture Change Management
- Requirements Management
- Supporting the ADM

The Practitioner course also includes the TOGAF® Enterprise Architecture Learning Studies, which allows candidates to demonstrate their ability to apply the TOGAF® framework.

## ACCREDITATION

This Good e-Learning TOGAF Enterprise Architecture Foundation and Practitioner course is accredited by the Open Group.

## IS THERE AN EXAM?

Yes, you will need to take a multiple choice exam to pass both the Foundation and Practitioner level.

Included with the course is a free voucher for both exams, which can be taken at authorized PearsonVUE test centers around the world.
