ACCREDITED BY:

This accredited online training course is the complete package for anyone wishing to obtain the TOGAF® Enterprise Architecture Practitioner (Part 2) qualification. This course represents an upgrade to our award-winning TOGAF 9 training material, reflecting the TOGAF standard, 10th edition.

WHO IS THIS COURSE AIMED AT?

This course is aimed at anyone looking to demonstrate their ability to apply the TOGAF® Standard, 10th edition.

It's particularly relevant to Individuals expected to apply the TOGAF approach to develop, sustain, and transform domain architectures or those actively contributing to organizational transformation.

The TOGAF® Enterprise Architecture Practitioner course will also benefit individuals working in Agile environments who need to understand and apply Enterprise Architecture using the TOGAF Standard.

WHAT WILL YOU LEARN?

Candidates achieving TOGAF® Enterprise Architecture Practitioner certification will be able to demonstrate their ability to apply the TOGAF approach to transform and manage change, the TOGAF method to a variety of transformation efforts in an organization and TOGAF techniques to current and future architecture projects.

The course consists of the following 9 modules:

Module 1: The context of Enterprise Architecture

Module 2: Enterprise Architecture in digital contexts

Module 3: Phase A - The starting point and stakeholder management

Module 4: Architecture development

Module 5: Implementing the Architecture

Module 6: Architecture Change Management and Requirements Management

Module 7: Supporting the ADM Work

Module 8: The Architecture Repository and Enterprise Metamodel

Module 9: Application and exam preparation

The Practitioner course also includes the TOGAF® Enterprise Architecture Learning Studies, which allows candidates to demonstrate their ability to apply the TOGAF® framework.

ACCREDITATION

This Good e-Learning TOGAF® Enterprise Architecture Practitioner course is accredited by The Open Group

IS THERE AN EXAM?

Yes. You will need to take a Practitioner exam. The Practitioner exam is open book and multiple choice.
